REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Greenwood:

There have been several changes in the teaching force during the past year. Miss Hazel Salls, who had successfully taught the primary grades at Lockes Mills, resigned during the summer and Miss Ruth Johnson of Portland succeeds her. Miss Helmi Piippo of Hebron is in charge of the intermediate grades. Mrs. Charlotte Folsom of North Raymond has the Richardson Hollow School. All our teachers are loyal and efficient workers and with the teacher shortage now becoming alarmingly acute we shall do well to keep them.

The excellent standard of scholarship maintained by the Greenwood pupils now attending secondary schools is again worthy of comment.

The appropriations recommended for the next year are practically the same as last year. The seemingly large balance on hand is due the fact that a few less pupils are attending high school than was expected and also to an unexpected increase in the equalization fund.

It must be understood that the amount of the equalization fund must be expended before the end of this school year and the small increase given the teachers will be taken care of till the end of the school year from the equalization money included in the balance on hand.

The following quoted from a letter from the State Commissioner of Education is self-explanatory.—“Failure of local school officers to expend the equalization fund will be considered sufficient reason for decreasing or withholding entirely future allocation.”

It goes without saying that teachers everywhere will demand an increase in salary and it is quite probable that a minimum wage will be established for all teachers in the State.

The conveyance problem requires more than the usual consideration because of the tire situation.

The committee in making the recommendations weighed the question of each item carefully and it is hoped that the voters will assure the committee of their confidence by adhering to the recommendations made.

The repairs for the past year have consisted largely of refinishing the interior of the Tubbs and Richardson Hollow buildings.

It will be possible to care for the textbooks and supplies with the same smaller appropriation of the last two years.

In conclusion, I would again express my gratitude to the Superintending School Committee, teachers, pupils, parents and citizens for their loyal support.

Respectfully submitted

CARRIE M. WIGHT
